

## INNOVATIVE PROTECTION ON ONE HAND, COMFORT ON THE OTHER

**SOFT AND DURABLE, STRONG AND COMFORTABLE,** new MedHandler<sup>®</sup> Powder-free Nitrile gloves combine the best characteristics of latex and nitrile into an all-purpose exam-grade product that provides long-term value.

Unlike conventional nitrile gloves, MedHandler<sup>®</sup> Powder-free Nitrile gloves work with your hands as they move, which provides the comfort of latex for extended-time tasks without the risk of allergen transmission. MedHandler<sup>®</sup> Powder-free Nitrile gloves are also engineered with enhanced tactile sensitivity for excellent wet and dry grip, making it the ideal all-purpose glove for medical professionals.

### 1. COMFORTABLE FIT

A relaxed fit that works with your hands as they move.

### 2. BEADED CUFF

Ensures easy, and quick, donning and removal.

MedHandler<sup>®</sup> Powder-free Nitrile gloves deliver the reliable strength, durability and comfort medical professionals need in a relaxed-fit nitrile exam-grade glove.

### 5. FINGERTIP SENSITIVITY

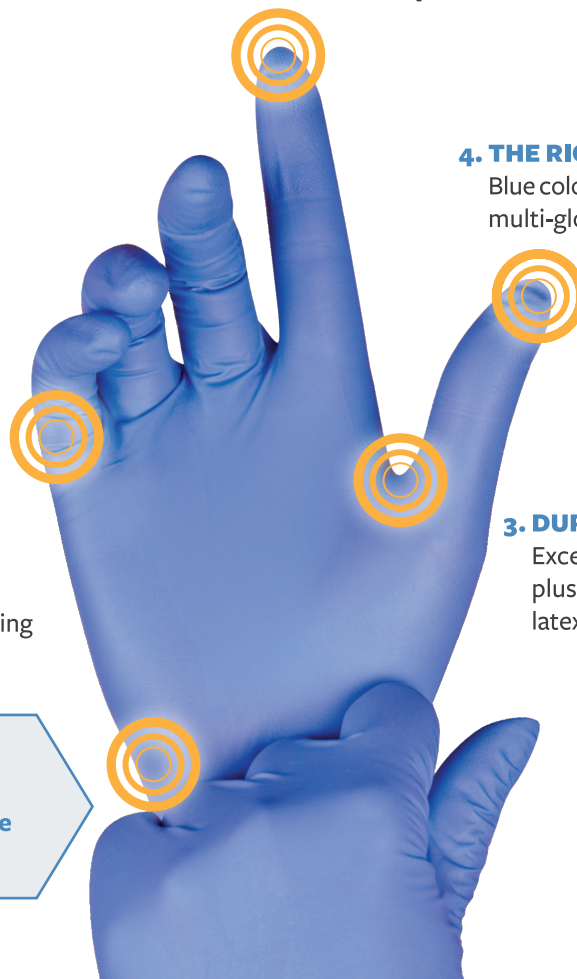

Pebble texturing provides excellent grip and dexterity in both wet and dry situations.

### 4. THE RIGHT GLOVE

Blue color is easily identifiable in a multi-glove environment.

### 3. DURABILITY

Exceptional puncture resistance plus chemical resistance that latex gloves can't provide.

*The optimal balance of comfort, strength, protection and value...*

**COMFORT & DURABILITY**  
IN AN EXAM-GRADE GLOVE

**Advanced proprietary formulation makes it possible**

Technology advancements in nitrile manufacturing combined with our proprietary, next-generation formulations have made incredibly durable, yet soft, more supple nitrile gloves a reality.

**Latex allergens pose grave risks.**

New MedHandler® Powder-free Nitrile gloves eliminate the risks of latex protein exposure that can cause allergic reactions for both medical professionals and patients.

**NO LATEX PROTEINS**

**COST EFFECTIVE**

**An exam-grade glove that makes financial sense.**

By combining an incredible resistance to punctures, tears and chemicals with enduring comfort, new MedHandler® Powder-free Nitrile gloves provide a far greater value over thicker nitrile gloves and less-durable latex gloves. These gloves have the best Performance-to-Cost advantage out of any glove offering in our MedHandler line.

**MedHandler® Nitrile Exam-Grade Gloves**

- Meets or exceeds 2.5 Accepted Quality Level (AQL)
- Blue color is easily identifiable in a multi-glove environment
- No natural rubber latex to minimize risk of allergic reaction
- Exceptional puncture and chemical resistance
